

Team, please note down all your observations during the EDA in the below table.
In-case you need you may add more rows to the table.

Team 1004 / WEEK-3 Summary

#	Topic	Sub topic	Insight
1	age	event_id	20-25 and 25-30 age groups are mostly uses the devices (multiple times)
2	time	event_id	Mostly the devices are being used (multiple times) during morning 8-11 AM and evening during 7-9 PM. InsaidTelecom should come out with attractive offers to increase the device usage during the time slot of 12 - 7 PM.
3	day	event_id	The devices are being used uniformly throughout the complete week (all days)
4	city	event_id	Visakhapatnam has most users (multiple times and Unique as well)
5	state	age	25-30 is the bracket for most users for all States except HimachalPradesh, where the mean age is above 30 years. InsaidTelecom should focus it's marketing efforts to target the Adult Segment of 30 years and above to increase it's revenue.
6	state	age group	Mizoram, Meghalaya and HimachalPradesh to be considered for promotional event for young group of people (bellow 30 years age group)
7	state	gender	Mizoram, HimachalPradesh to be also considered for "Female" focused promotional event.

Team, please note down all your observations during the EDA in the below table.
In-case you need you may add more rows to the table.

Team 1004 / WEEK-3 Summary

#	Topic	Sub topic	Insight
8	state	day	Mizoram and HimachalPradesh users mostly talk/call during weekday-1 (Tuesday) and weekday-2 (Wednesday), so weekend based "special" offer may be provided to them.
9	state	day	Pondicherry and Meghalaya most events occurred during weekend; weekday "special tariff program" may be proposed to engage more user.
10	state	day	Andaman & Pondicherry have saddle curve nature w.r.t day wise distribution
11	state	time	Special tariff for night calling may be helpful for all Six (6) states.
12	city	device_id	Top 10 cities are having good number of user so special tariff plan for those cities will attract more user with less effort.
13	brand	device_id	Bundled offer along with those top 10 brands (during new phone purchase) will significantly generate revenue for InsaideTelecom.
14	day	gender	No such specific pattern observed for Weekday/weekend with the Gender and Age.

Team, please note down all your observations during the EDA in the below table.

In-case you need you may add more rows to the table.

Team 1004 / WEEK-3 Summary

#	Topic	Sub topic	Insight
15	state	city	HimachalPradesh and Andaman have only city Shimla and PortBlair respectively for the user and Meghalaya & Mizoram are having two cities each , Pondicherry has users from three cities, whereas AndhraPradesh is having 104 cities among which Visakhapatnam holds 31% users.
16	state	device_id	AndhraPradesh might be having good infrastructure hence state specific special offer might influence more users with less efforts.
17	state	age group	HimachalPradesh, Mizoram and Andaman having no "Below 18" user, those age group can be targetted thru' promotional offer for E-learning platform etc.
18	state	gender	Andaman has no Female user below 24 year age.
19	state	state	State - Count - Percentage AN -15115 - 0.4% AP - 321379 - 97.63% HP- 1409 - 0.42% ML-1613-0.49%, PY 1741 - 0.52 % Distribution is probably skewed due to the nature of data collection, distribution of population in states and even availability of oc mobile connectivity
20	event_id	age group	Agegroup - Count - Percentage Below 18 - 7902. - 2.4% 19-24. - 79326. - 24.09% 25-30. - 109072 - 33.13% Above 36 - 74860. -22.74.% 25 to 30 years age group is maximum active and the least active is below 18 age group. Behaviour is as expected.

Team, please note down all your observations during the EDA in the below table.
In-case you need you may add more rows to the table.

Team 1004 / WEEK-3 Summary

#	Topic	Sub topic	Insight																																																
21	event_id	gender	Gender - Count - Percentage. Female - 117244 - 35.61% Male. - 211928 - 64.38 % This clearly shows: Economic disparity between gender, disparity in of social life or engagement and even lack of job opportunites as work calls are eliminated																																																
22	state	city	The unique city distribution state wise are below, AP - 104, AN - 1, PY - 3, MZ - 2, ML -2, HP -1																																																
23	event_id	city	Of the total 113 cities, Visakhapatanam accounts for 73% of events in the state and 71.62 % of total events in the 6 states. Only top two cities out of total 104 cities in AP are mentinoed here. <table> <tr> <td>State - City.</td><td>- Count</td><td>- % in State</td><td>- % of Total Events</td></tr> <tr> <td>AN - Port Blair</td><td>- 1515</td><td>- 100%</td><td>- 0.46 %</td></tr> <tr> <td>HP - Shimla.</td><td>- 1409</td><td>- 100%</td><td>- 0.42%</td></tr> <tr> <td>MZ - Aizwal</td><td>- 1192</td><td>- 73%</td><td>- 0.36 %</td></tr> <tr> <td>MZ. - Lunglei</td><td>- 421</td><td>- 26.1%</td><td>- 0.12%.</td></tr> <tr> <td>ML - Shillong</td><td>- 596</td><td>- 60.66%</td><td>- 0.27%</td></tr> <tr> <td>ML - Tura</td><td>- 596</td><td>- 39.33%</td><td>- 0.18%.</td></tr> <tr> <td>AP - Viskhapattanam</td><td>- 235772</td><td>- 73.36 %</td><td>- 71.62 %.</td></tr> <tr> <td>AP. - Bodan</td><td>- 1539</td><td>- 0.47 %</td><td>- 0.46 %</td></tr> <tr> <td>PY - Karaikal</td><td>- 811</td><td>- 46.58%</td><td>- 0.24%</td></tr> <tr> <td>PY. - Pondicherry</td><td>- 516</td><td>- 29.63%</td><td>- 0.15%</td></tr> <tr> <td>PY. - Ozhukarai</td><td>- 414</td><td>- 23.77 %</td><td>- 0.12 %</td></tr> </table>	State - City.	- Count	- % in State	- % of Total Events	AN - Port Blair	- 1515	- 100%	- 0.46 %	HP - Shimla.	- 1409	- 100%	- 0.42%	MZ - Aizwal	- 1192	- 73%	- 0.36 %	MZ. - Lunglei	- 421	- 26.1%	- 0.12%.
